Flash Flood 2023 Report –Tehsil Kingri, District Khairpur Miras

(August 03, 2023)

Tehsil Kingri, known for its rich history of clay pots and utensils spanning two centuries, has been devastated by flash floods once again previously in 2022 and now in 2023. The tehsil is home to approximately 56,915 households, which are now facing the wrath of the floodwaters due to overflooding in the Indus River for the second consecutive year. The affected area reported is from Union Council Hadil Shah and particularly impacted the villages of Hafiz Taj Mohammad Narejo, Faqeer Mohammad Rahujo, Fazil Faqeer, and Sajal Mahesar, leaving their residents in distress.

Current Situation

Fast Rural Development Program (FRDP) team visited these villages though these villages are hard to reach due to no road communication, however, the team traveled by boat. The team met with village elders, women, and children and assessed their current needs. FRDP is reaching out to its partner for the provision of essential assistance promptly and to alleviate the hardships faced by the flood-stricken residents.
